

GOOD ROADS BONDS WERE CARRIED

\$1,270,000 IS VOTED FOR HIGHWAY SYSTEM

5301 ARE FOR 2153 AGAINST

Nearly all Fourth Supervisorial District Precincts Disapproved the Plan

Santa Ana and the Beach Cities Gave Strong Affirmative Expression

With every precinct in the county heard from except Silverado, the \$1,270,000 good roads bonds were carried yesterday by a vote of 5301 for and 2153 against.

It takes two-thirds of the vote cast to carry bonds. Not counting Silverado, where probably not over a dozen votes were cast, the total vote was 7454, of which two-thirds is 4970. Taking 4970 from 5301 leaves a difference of 331 in the good for the bonds. Also, while 5301 votes is but 331 above the necessary two-thirds of the vote cast, the negative vote is likewise 331 short of the necessary one-third to defeat the bonds. Figuring safeties and hazards from a bond election return is a double-barreled proposition. If there were but 2153 vote cast against the proposition it would have taken just twice 2153 plus 1 to carry. Figuring in this way, the bonds have a margin of about 1000 votes.

Of the larger cities Santa Ana holds first honors with a vote of 1782 for the bonds and 627 against. Santa Ana good roads boosters were well organized for the day's work. The city had been polled by members of the Santa Ana Automobile Club, and yesterday automobiles were in service getting voters to the polls.

In view of the fact that none of the roads proposed can be built inside an incorporated city, many expected close votes in the cities. Santa Ana, Fullerton, Newport Beach and Huntington Beach, however, gave the bonds excellent treatment. The beach towns did themselves proud, and no doubt about it.

Anaheim lacked a few votes of getting a two to one vote in favor of the bonds. The total for the four precincts of the Mother Colony are 392 for and 212 against.

The Fullerton section came out boldly for the good roads proposal. Fullerton city precincts voted a total of 317 for and 112 against.

Tustin's two precincts added to the safety of the issue by a vote of 195 to 57.

San Joaquin Unanimous
San Joaquin easily claims first honors in favor of the bonds, for in that precinct not a single vote was cast against them. Other precincts have excellent right to dispute any claim. For instance, Laguna out on a registration of 40 cast 59 votes, and out of the 59 but 2 were against the bonds. Los Alamitos were through with a 68 landslide, while Olinda and Newport Beach piled up tremendous odds in favor of the giant improvement. Brea, La Habra and Harper voters were well satisfied with the proposal, as their votes show.

The fourth supervisorial district landed hard on the bonds. There was a feeling in that section that the district did not get as many miles of road as it ought. Many of the voters were disappointed because the road to the County Park was not scheduled in the plans for improvement. If the bonds had been left to the fourth supervisorial district they would have been lost. Villa Park is the only precinct in the district that gave the two to one vote, needed in the county to carry the bonds. Villa Park cast 44 votes for the bonds and 19 against. Orange went 447 for and 375 against. Yorba and Newport (Old Newport) gave the strongest opposition vote in proportion to the vote cast. Yorba voted 14 for and 34 against and Newport 26 for and 50 against.

Stanton was strongly opposed, 45 for and 73 against. Precincts failing to give a two-thirds vote in favor of the bonds are Anaheim 1 and 4, Buena, El Modena, Garden Grove, McPherson, Newport, Olive, Orange 2, 3, 4, 5 and 6, Santa Ana 4, 5, 8 and 10, West Orange, Stanton, East Anaheim, West Anaheim and Yorba.

GOV. JOHNSON COMING HOME; MAY LEAVE EAST TOMORROW
SACRAMENTO, Nov. 5.—Governor Johnson is expected to return to the capital next Saturday, according to Secretary Griffin today. Although nothing has been received, the governor will probably leave the East tomorrow.

THE WEATHER

Fair tonight and Wednesday; light northwest winds.

P. E. Using Heavier Rails
On Lines From San Bernardino
SAN BERNARDINO, Nov. 5.—The Pacific Electric Company is laying heavier steel on its branch lines leading out of San Bernardino. The work of replacing the rails on the Redlands line with seventy-five-pound rails began yesterday.

Revolutionists Are Being Resisted by Monte Cristo.
CAPE HAYTIE, Hayti, Nov. 5.—Monte Cristo, on the north coast of the Dominican republic, has been attacked by revolutionists. The defenders are putting up a stout resistance, and the fighting is of a desperate nature.

Du Pont Denies That He Intends to Resign.
WILMINGTON, Del., Nov. 5.—United States Senator Henry A. Du Pont today denied a report published under a Washington date that he will resign.

Six Pension Offices Will Be Discontinued
WASHINGTON, Nov. 5.—Six of the government's pension agencies at Indianapolis, Louisville, Knoxville, New York, Philadelphia and Toledo paid pensions this month for the last time. Their discontinuance was directed in the pension appropriation bill of the last congress.

Poisoned Own Son—Found Guilty, Sentence, 25 Years in Prison.
CHICAGO, Nov. 5.—Mrs. Louise Lindloff, on trial for the murder of her son Arthur by arsenic, and suspected of poisoning five other members of her family to secure life insurance, was last night found guilty and her punishment fixed at twenty-five years imprisonment.

FUMIGATION TO COUNTY'S CASE COST GROWERS \$100,000 PRESENTED TO COMMISSION

About 500 Tents Now in Use in This County Fighting the Scale Pests

Attorney Davis Thinks Better Express Rates Will be Secured for This Section

RED SCALE NOT A SERIOUS MENACE NOW

Bare Land Value Reduced From \$500 an Acre to \$100 by Morning Glory

This season's fight against citrus fruit scale pests will cost the growers of this county \$100,000.

This is the estimate made by County Horticultural Commissioner R. K. Bishop, who has a general oversight of the fight against scale pests.

"There are about 500 tents at work in this county now," said Bishop this morning. "There are five outfits employed in orchards in the Anaheim-Placentia districts and seven outfits in the district this side of the river."

"Our worst enemies are the black scale and the purple scale. The red scale has ceased to be a serious pest. Years of fumigation has put that pest down to a place where it is no longer damaging to any great extent. Constant fumigation has done this."

"The black scale is our worst enemy because it breeds rapidly and thrives upon various kinds of trees and upon various vegetation. It infests such as the pepper trees, which cannot be fumigated. Fumigation this season began about August 1 and will keep up as long as weather permits."

The horticultural commissioner is doing a good deal of work among ranchers in regard to the eradication of weed pests, such as morning glory, Johnson grass, Russian thistle and hoarhound. He stated that in his opinion bare land that should be worth \$500 an acre is worth but \$100 an acre if covered with morning glory. He said that two years of constant attention with a weed knife will eradicate morning glory from a field.

Johnson grass to be eradicated also needs constant attention. It can be cultivated out of existence. All that is necessary is vigilance in keeping it from growing.

The county horticultural commissioner is empowered by the laws of the state to compel any rancher to eradicate a weed pest, but the procedure is unwieldy, and is seldom used. In fact, Bishop states that he knows of no case in the state where it has been used. The general plan of the commissioners is one of eradication, teaching the ranchers how to improve their property by doing away with the weed pests.

VARSITY FOOTBALL GAME TO ATTRACT STAR ATTENDANCE

STANFORD, Nov. 5.—The demand for tickets for the Stanford-California football game on Saturday is so great that many alumni and undergraduates are unable to secure seats. All records for attendance at the California field are expected to be broken.

5000 C. P. R. MEN WALK OUT—DEMAND ADVANCE OF WAGES

OTTAWA, Ont., Nov. 5.—A strike, involving several thousand employees of the Canadian Pacific Railway, went into effect yesterday over a great stretch of country traversed by that line. More than 5000 men, consisting of freight employees and clerks who are affiliated with the Canadian Brotherhood of Railway Employees, are out. The men demand higher wages and recognition of the union. An effort to settle by arbitration failed, the government refusing to appoint a board of conciliation.

Election Bulletins at the Register Office Tonight

The Register has made arrangements for a good report of election returns. Bulletins are to be received from the United Press, showing results in the nation and state. These bulletins will be announced and posted at the Register office. To facilitate matters, the crowd will be asked to remain outside. Lights have been strung so that the bulletins can be easily read from the street. As usual inquiries over the telephone will be answered. Manager Morrow of the Pacific company has installed an extra "Sunset" phone in the office. Call Sunset Main 4, or Home 409.

Condensed Register bulletins will be thrown on a screen from a lantern at the sporting goods house of Hill & Walker on West Fourth street.

S. J. Jackson, of the Republican County Central Committee, has secured Spurgeon's Hall for tonight, where election returns will be received and announced.

RECORD BREAKING IS VOTE OVER COUNTRY

Wilson Apparently in Lead—Roosevelt Crowds Him—Taft Poor Third—California True to T. R.

NEW YORK, Nov. 5.—With bright, sunny weather a big vote is being polled. Apparently there is little scratching. Fifteen per cent of the Howery vote was polled in the first hour.

Telegrams have poured into political headquarters today reporting a record-breaking vote all over the country. Committeeman Wallace of Utah telegraphed that Taft is leading Roosevelt and that the Republican defection will be sufficient to give Wilson the state. Oregon reports an eleventh-hour Wilson landslide.

Utah Looks Like Taft

SALT LAKE, Nov. 5.—Threatening weather prevails and it is doubtful if the vote will be heavy. The Republicans claim the state by 10,000 and Taft will probably carry it. The Progressives claim the governorship.

Taft Third in New Mexico

SANTA FE, N. M., Nov. 5.—Despite the claims of various chairmen, the fight is probably between Wilson and Roosevelt; Wilson is leading, with Taft a poor third.

HEAVY VOTE IN STATE: PROGRESSIVES IN LEAD

SAN FRANCISCO, Nov. 5.—Progressive leaders here are jubilant over the situation. Ideal weather prevails in the Roosevelt strongholds in the South. Roosevelt managers say they will carry the state by sixty thousand.

Heavy snow is falling along the Salmon River, in Siskiyou county, while the entire state north of Tehama county is snowbound. Rain is falling in Sacramento, and the weather is cloudy in San Francisco. Register Zernansky is predicting that one hundred thousand votes will be cast in San Francisco.

"Roosevelt luck" brought rains today in northern California, where Wilson is expected to poll his heaviest vote, and prevented hundreds of Democrats from going to the polls. This condition, the Progressive leaders claim, will play havoc with the expectations of the Democrats of California who predicted that Wilson would pile up a majority north of the Tehachapi.

Rain at Sacramento—Vote Small
SACRAMENTO, Nov. 5.—A drizzling rain is blamed for the small early vote of this city. At 10 o'clock less than 25 per cent of the registered vote had been cast.

Big Vote in Los Angeles

LOS ANGELES, Nov. 5.—Reports from fifteen outlying districts at noon indicate that forty per cent of the registered vote had been cast. If this ratio is maintained Los Angeles will poll the greatest vote in its history. The county is expected to give Roosevelt a substantial majority, although the Democrats claim the Taft vote will largely offset Roosevelt's majority in favor of Wilson.

Fight Keen at San Diego.
SAN DIEGO, Nov. 5.—Fine weather brought out a tremendous early vote. A fourth of the registered voters appeared in the first three hours. The local fight between Kettner, Democrat, and Evans of Riverside, Progressive, for congress is keenly interesting. Kettner claims many Taft votes.

Washington's Trend for T. R.

SEATTLE, Nov. 5.—Washington is expected to give Roosevelt its seven electoral votes. Betting favors Roosevelt carrying the state and practically all the early polls indicated the same. Wilson is expected to run a dangerous second, with Taft third. A heavy vote is being cast.

Santa Barbara For T. R.

SANTA BARBARA, Nov. 5.—The county will probably give Roosevelt one thousand majority, but it is thought the Progressive county ticket will be defeated.

Wilson Led in Early Ventura Vote

OXNARD, Nov. 5.—Ventura county is polling the largest vote in her history. Wilson was believed to have a slight lead in the early returns.

Election Frauds Charged

INDIANAPOLIS, Nov. 5.—Election frauds are charged here and in Terre Haute today. Progressive detectives are working diligently, investigating the matter.

FREE TEXT BOOKS, HOME RULE IN TAXATION MOST IMPORTANT

SAN FRANCISCO, Nov. 5.—Eliminated by the action of the State convention which was dominated by Roosevelt men, the name of Taft does not appear on the California ballot. Republicans must either vote for Roosevelt or Wilson or write Taft's name on the ballot.

Second in importance to the presidential electors comes the constitutional amendments, the initiative and referendum propositions. Probably the most important are the initiative measures providing for free text books in schools; that by which counties, cities, towns and districts are empowered to make political subdivisions to raise revenue for local purposes and providing for the collection of taxes by ordinance or resolution.

MONROVIA TO HAVE LOWER RATES FOR ELECTRIC LIGHTS

ALL EUROPE TREMBLES TODAY

Sultan no Longer Controls His Subjects and Fearful Carnage Expected

WARSHIPS BEING RUSHED TO PROTECT CHRISTIANS

Bulgars on Verge of Carrying Outer Defenses of the Turkish Capital

BERLIN, Nov. 5.—Virtual admission by the Sultan that he cannot longer control his Mohammedan subjects, is causing great alarm today in all Europe. The powers are rushing all available warships to the Turkish capital to protect foreigners. The greatest concern is felt over the situation at Constantinople with its Christian population totaling hundreds of thousands. Dispatches say the foreign embassies and legations are heavily guarded.

Turkey has sent a collective note to the powers today asking that they send additional warships to Constantinople to prevent an anti-Christian outbreak in the city.

BULGARIANS ON VERGE OF CARRYING TCHATALJA FORTS
SOFIA, Nov. 5.—Reports are current that the Bulgarian army before Constantinople is on the verge of carrying the forts at Tchatalja. The latest accounts from Adrianople are that a terrific bombardment of the city is in progress.

The Bulgarians in possession of the Turkish town Dercoz have cut off the water supply of Constantinople. Bulgarians have surrounded a large Turkish force between Tchurli and Tchatalja.

The Imperial Turkish harem and city archives have been transferred from Constantinople to Brussa, Asia Minor, in expectation of the fall of the city.

TURKISH STEAMER SINKS

ALL ON BOARD LOST
CONSTANTINOPLE, Nov. 5.—The Turkish steamer Chaleos today sank in the Black Sea with crew and forty passengers who perished. It supposedly struck a mine.

Turks Beg for Armistice

BERLIN, Nov. 5.—It is semi-officially announced that the Turkish government has intimated to the German foreign office that if the Bulgarian army should be successful in its assault on Constantinople, it will be impossible to prevent an anti-Christian uprising in Turkey. The Sultan is stated to have renewed his appeal to the Kaiser to use his influence to get the allies to agree to an armistice.

European War Nearly Sure

VIENNA, Nov. 5.—That trouble among the Balkan allies is almost certain and will be accompanied by European war, is expected as a result of a message received today from Sofia, that after Turkey was conquered, Czar Ferdinand of Bulgaria would proclaim himself Emperor of the Balkan Federation.

Austria, it is believed, will oppose any such federation by armed force.

Three Austrian battleships, a cruiser and two destroyers today left Pola en route to Turkish waters today. The ships are under orders to report to the Austrian Ambassador at Constantinople.

GREEKS REPULSED AT SALONIKA

IS REPORT OF THE TURKS
CONSTANTINOPLE, Nov. 5.—Turkish newspapers have announced that the Turks have repulsed the attack at Salonika, defeating the Greek invaders.

That the advance of the Greeks toward Monastir has been checked twenty miles south was announced today. The report states that Greeks lost heavily and are now entrenched. The claims of a Turkish victory at Scutari are not regarded seriously.

Greek Victories Reported

WASHINGTON, Nov. 5.—Dispatches here to the Greek legation tell of a new Greek victory over the Turks. They say: "The Crown Prince, instead of going direct to Salonika, made a detour and met the Turkish army entrenched at Vamatiz Vadar. After a two days battle the Turkish army retreated. The Greeks captured many prisoners and fourteen field guns with much ammunition and are now pursuing the Turks along the road to Salonika."

Other dispatches received at the Greek legation say the Greek flag is flowing over Preveza, where many Turks were captured. They also declare that two Turkish gunboats were sunk by Greek vessels in the gulf of Salonika.

ORDERS DITCHES PUT UNDER GROUND

Trustees Want S.A.V.I. Co. to do Away With Open Ditches on Two Streets

GAS COMPANY IS GIVEN A WARNING

P. E. to be Asked Not to Run Its Cars at High Speed in the Center of the City

The city trustees want open ditches of the Santa Ana Valley Irrigation Co. on East Seventeenth street and East and West Santa Clara avenues placed under ground. The city won its suit to compel placing underground ditches on West Washington and East Seventeenth, and since then the district in which open ditches are declared to be public nuisances has been extended to include the entire city. The ditches now objected to lie outside of the original district.

The city attorney was instructed to notify the S. A. V. I. Co. to put the East Seventeenth and Santa Clara ditches underground.

The S. A. V. I. Co. attorney, E. E. Keech, is reported to have stated that the suit involving the West Washington ditch does not decide the question of the city's powers over other ditches.

Wants It to Hurry
Trustee Alderman stated that the Southern Counties Gas Co. had promised to proceed with getting out a franchise in Santa Ana, but had not yet sent down a check to cover the cost of advertising.

"I move," said Alderman, "that the gas company be given legal notice to proceed, and unless it comes to time I will favor steps to put the gas company out of business in Santa Ana." The motion carried.

Presents New Map
S. Hill presented another plan of the proposed Flower Street Acres.

aimed to avoid the objections brought to the former plan by the board. He wanted the tract to be approved so as to get into the new sewer district. His plan called for a street through the middle of the tract, and the board objected to bringing two streets within 100 feet of each other. The City Engineers explained that the north line of the tract, where Mr. Hill did not want a street, was a natural street line, and some day one would undoubtedly be opened there. Mr. Hill declined to consider an effort to compromise the differences, and on motion his plan as proposed was rejected.

Prof. J. J. Zellan said he wanted to build a new home on Sycamore street, near Tenth, but there was no sewer connection, and he wanted to know what the city would do for him. McPhee called attention to the fact that people in other sections were compelled to pay for their own sewers, and said it was not fair for the city to supply sewers in one section and refuse them in another. He moved that a committee be appointed to confer with the property owners on the street and see if some arrangement could be made for them to put in a sewer. McPhee, Grubb and Alderman were appointed.

Permit Granted
Ira B. Carpenter asked a permit to run a peanut and pop-corn wagon in front of the Smoke House. Carpenter was in an explosion at the gas plant last year, and said he had done nothing for fourteen months. He had the verbal permission of the Smoke House and the Bell Theater. The permit was granted on condition that written consent of the property owners interested be secured.

Not so Fast, Please
McPhee called attention to the great speed of the Pacific Electric cars through the central part of the city, and on his motion the clerk was instructed to notify the company that the speed of the cars must be moderated. McPhee also said there had been carelessness in the handling of the gates at the steam railroad crossings on East Fourth, and on his motion the clerk was instructed to call the companies to the attention of the city.

Grubb reported in favor of laying a curb on East Third from Main to Breeden. The recommendation carried. The curb is already laid in places.

McPhee said he favored extending the proposed ordinance prohibiting the accumulation of trash and debris so that the entire city would be included as well as the business section. In preparing the ordinance the City Attorney will consult the fire chief and include some of his suggestions.

Grubb stated that there are a number of streets that will need grading this winter, and the city needs a new grader. The street superintendent was instructed to make a report on desirable graders.

Other Matters
Greenleaf recommended the installation of new lights at Bristol and

Washington, two on Baker north of Washington, one on Van Ness north of Hickey, one on Birch north of Hickey. The lights were ordered installed.

Engineer Finley recommended that a S. A. V. I. Co. pipe across Greenleaf street be lowered eighteen inches. The attorney was instructed to ask the company to make the change.

A resolution was read ordering that the proposed charter, submitted by the board of freeholders, be published in the Register ten times, according to law. The election ordinance will be prepared and passed after the publication, the election to be held not less than twenty nor more than forty days after the publication is completed.

The street committee was instructed to ask the supervisors to have the prisoners of the county jail clean up the leaves from the streets around the courthouse. At present city employees do the work.

Grubb stated that he believes the ordinance prohibiting running a motor vehicle without a muffler should be amended so that it would not include automobiles. McPhee did not favor making a change, as it would give "wild" auto drivers the right to run along streets in a noisy manner. It was decided to ask the police officers to use good judgment in prosecuting under the ordinance.

The city clerk was instructed to secure Great Registers from the county clerk for use in city elections.

The committee's agreement with the supervisors for laying a sewer on Grand avenue was ratified.

R. R. COMMISSION BEGINS PROBE OF CALIFORNIA EXPRESS RATES

SAN FRANCISCO, Nov. 5.—The state railroad commission began yesterday its investigation into the express rates in California. The full commission was in attendance, Eshleman, Loveland, Gordon, Thelan and Edgerton. The commission has called into question all of the rates now in existence by all of the express companies operating in California. Although several other companies are involved, Wells Fargo, which handles practically 99 per cent of the express business of the state, is the most vitally concerned.

Discrimination Charged
The commission began by asking those associations and individuals which had previously complained against Wells Fargo to submit their cases. The first case presented was that of the Merchants and Manufacturers' association of Los Angeles, which had entered a complaint charging that the express rates into the San Joaquin valley were so constructed as to discriminate in favor of San Francisco and against the city of Los Angeles. The contentions of the Merchants and Manufacturers' association were presented by Attorney Oscar Mueller, who filed schedules of rates purporting to show that San Francisco could ship as far south

as Delano, for instance, 280 miles, at a \$2 rate, while Los Angeles could ship to Delano, a distance of only 202 miles, under the \$2 rate, thus showing that San Francisco shippers paid the same rate for a distance eighty miles more than the distance from Los Angeles.

Excessive Rates on Dairy Products
The second case was presented by the chamber of commerce of Orange county, through Attorney A. A. Mills. This complaint charged discrimination against Orange county in favor of Los Angeles and San Francisco.

A third complaint was presented by the Central California Creameries company, charging excessive rates on milk, cream and butter.

Informal complaints were presented by a number of individuals, including Mrs. Hugh Montgomery of San Francisco, who protested in behalf of her brother, Winthrop Howland of Ballard, that when he shipped goats in crates, the express company charged lumber rates on the goats. The hearing will be continued Wednesday morning, when the commission will begin with testimony from its own experts, who have examined all the rates in the state and will be prepared to present the summary of their investigations.

Attorney of Riverside Urged Support for His Friend, Evans, for Congress

An interested crowd gathered at Spurgeon's Hall last night to hear the proposed constitutional amendments and initiative and referendum measures discussed. Attorney H. L. Carnahan of Riverside, a forceful and convincing speaker, talked on the issues of the campaign. He strongly advocated the election of Theodore Roosevelt.

Carnahan urged support for Evans, the Republican nominee for congress. Knowing Evans intimately, Carnahan was in a position to speak out strongly for him.

Attorney E. E. Keech presented arguments on two of the proposals. He said that there is no good argument against the amendment allowing irrigation districts to use their bonds as security for loans. Keech discussed the three referendum proposals in regard to the registrar of voters.

County Superintendent of Schools Mitchell advocated the passage of the free text-book measure. Attorney Steele Finley opposed the passage of the consolidation amendment. Attorney D. F. Harding showed the danger in the race-track gambling proposal, and P. L. Tople discussed the Home Rule in Taxation proposal.

MARK KEPPEL HAS ECONOMY MEASURE

Says Act Providing County Agent to Buy School Books to Save \$450,000 Yearly

Los Angeles Examiner: An act which he says will save the state approximately \$450,000 annually will be proposed at the next legislature session by Mark Keppel, County Superintendent of Schools. This act, according to Keppel, provides that the county purchasing agent should once a year make up a list of supplies needed by schools in the county, secure bids from all supply houses and contract with the lowest bidder.

The present system is that each Board of Trustees in every district must secure bids on every item they need. Because they need only one or two items of the same kind they must pay much higher than if several items of the same kind were bought, Keppel explained.

This is the way the new system would work: When the county supply clerk should pick the lowest of his annual bids he would have them printed and sent throughout the county to the different school districts. Whenever a school district should want supplies it would make out a requisition and send it to the dealer with whom the county has contracted. The dealer would furnish the district the goods at the contract price.

"It would save \$100,000 in this county alone," said Keppel. "When trustees want to purchase any item they must advertise for bids and wait fifteen days. The trustees would, by the new plan, save much of their time. The various districts would save the price of advertising for bids."

DISCUSSIONS INTERESTING

TACOMA AIMS DEATH BLOW AT LOAN SHARKS

TACOMA, Wash., Nov. 5.—Aiming a death blow at loan sharks who have been monthly drawing the salary warrants of city employees and charging them usurious interest on money advanced, the city council agreed to pass a resolution to be introduced by Commissioner of Finance Freeland, creating a committee to be composed of himself, Mayor Seymour and City Clerk Edwards and the establishment of a fund of \$5000 from which money is to be advanced city employees at 8 per cent per year.

MOTHER! WATCH THE CHILDREN'S BOWELS

If Cross, Feverish, Sick or Tongue Coated Give "Syrup of Figs"

Every mother immediately realizes after giving her child delicious Syrup of Figs that this is the ideal laxative and physic for the children. Nothing else regulates the little one's stomach, liver and bowels so promptly, besides their delicate and delightful fig taste.

If your child isn't feeling well; resting nicely; eating regularly and acting naturally it is a sure sign that its little insides need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs at a few hours after the last meal, constipated, clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics, it cannot be harmful. Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regular needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine, old reliable. Refuse anything else offered.—Advertisement.

Booth Tarkington to Wed DATYON, O., Nov. 5.—The engagement of Booth Tarkington, the noted playwright and author, to Mrs. Susanna K. Robinson of this city was made here yesterday.

Mrs. Robinson is an exceptionally attractive brunette and is the widow of a young English nobleman, Temple Robinson. She is a daughter of the late Daniel Kiefer, a former prominent manufacturer of this city.

A Great Building Falls when its foundation is undermined, and if the foundation of health—good digestion—is attacked, quick collapse follows. On the first signs of indigestion, Dr. King's New Life Pills should be taken to tone the stomach and regulate liver, kidneys and bowels. Pleasant, easy, safe and only 25 cents at all druggists.—Advertisement.

TWO SHIPS UNDER WAY AT THE LONG BEACH SHIPYARD

LONG BEACH, Nov. 5.—For the first time since the establishment of the Craig shipbuilding plant in Long Beach, two ships are being constructed on the ship berths, while a third, the Paraiso, is being completed alongside in the harbor. The laying of the keel of a vessel for the Hammond Lumber Company, which will be 300 feet in length and cost \$300,000 has been accomplished, while the Grace Dollar, which is nearing completion on the ways, will be launched in December.

The Paraiso, whose engines and boilers are being installed, and which was launched a few weeks ago, will enter on its regular run to the north about December 10.

GREETING!

Coaster Brakes today! A few years ago, brakes on the tires were considered the best, they kept on improving gradually till they came to the Muslem Brake. I prefer this make to all others, it would be too long to explain why; investigate at the Coleman & Hoxsie Cyclery. If you prefer any other Coaster Brake they will get it for you. You can absolutely depend upon the Reliability of their Coaster Brakes, and in fact, of any article that comes out of their store. I must brake here, but watch for me next week.

The Cycle Expert.

NEWLYWEDS ARE FROM THE ORDINARY RUN OF HUMANS, DIVORCES PROBABLY NORMAL

Los Angeles Times: Santa Ana is up in arms at Judge Monroe's intimation that marriages executed at that famous Gretna Green fall to "take."

"Don't you know," asked Judge Monroe of an applicant for matrimonial relief who told the court that he had been married in Orange county's seat. "Don't you know that most couples who get married at Santa Ana eventually come into this court and ask for a divorce?"

"By reason of which Santa Ana's pastors and peace justices have grasped the cudgel, sounded the tocsin and entered the fray with a chorus of denials of the inference that a Santa Ana marriage is necessarily a lark, or more usually so there than elsewhere. They produce statistics to prove it. For instance: About 100 marriages are performed in Santa Ana every month. Of this number probably twenty-five are home-grown. Seventy-five sets of newlyweds, therefore, come from elsewhere, which means, in 90 per cent of the cases, from Los Angeles.

"Now," says Rev. Paul E. Wright, pastor of the First Christian church of Santa Ana, and perhaps the most popular of the "marrying parsons," "if Judge Monroe's statement is correct he must have sixty or more Santa Ana divorces every month. As a matter of fact, the persons who come here to be married are of the substantial middle class. They are not flighty. During my year and a half pastorate I have married from eight to ten couples a month and though

his deduction.

Justice J. P. Cox, successor of "Cupid" Smithwick, is frequently in receipt of letters from his former "patients" assuring him of the excellence and permanency of his treatment.

"Do most couples married in Santa Ana end up in the divorce court?" asked this expert. "Not by a whole lot. Four out of five come here to avoid fussing over a big wedding at home. We tie them just as tight and they live just as happily as though they went to a lot of trouble. They represent people in every walk of life. I seldom see names in the divorce court reports that I recognize."

County Clerk W. B. Williams sees no reason why an unusual proportion of Santa Ana weddings should prove failures. "We get some runaways," he says, "but they are practical people, most of them. Once in a while some of the theatrical people come down on us, but that is quite often a press agent's stunt. Once in a while there is considerable difference in the ages, and they seek a place where they think the record will not get into print. Judging from the looks of the people to whom I issue licenses I should say that their chances of living happy ever after are away up in G. A large proportion of them are easily above the age of suspicion, well beyond 21 and 18, which the run-aways generally swear are their ages."

Another potent reason for a Santa Ana ceremony as contrasted with the cost of a home or church wedding is found in the scale of prices and expense list. Here it is:

Car fare Los Angeles to Santa Ana and return for two, \$2. License fee, \$2. Fee for minister or justice, \$3. Total, \$7.

With which testimony the defense rests.

FOR DANDRUFF AND FALLING HAIR—25 CENT "DANDERINE"

Save Your Hair! Danderine Destroys Dandruff and Stops
Falling Hair at Once—Grows Hair, We Prove It

If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. It eventually—why not now?—A 25-cent bottle will truly amaze you.—Advertisement.

EAST NEWPORT NEWS BUDGET

EAST NEWPORT, Nov. 4.—Mr. and Mrs. Robt. C. Mills and Miss Annie McIntyre left by automobile Wednesday last week for their home in Riverside after an outing of two weeks in the Mills cottage.

Mrs. Blanche N. Hurd and Miss Frances Hurd have closed their summer home on Lindo avenue at East Newport, and will spend the winter in Los Angeles. They have engaged apartments at the Strathmore, on Grand View avenue.

Mrs. J. E. Cooley and Mrs. Fern Hanson and little son, Carl, were passengers for Los Angeles Thursday of this week. From there Mrs. Hanson went to Ontario, where she will be the guest of friends for a week.

Mr. and Mrs. John Lemke and Mr. and Mrs. L. Edwardson motored from Placencia for a few days' stay at their home here. While here they attended the auction sale at Balboa Thursday afternoon.

Mr. and Mrs. N. E. Witherspoon, who were married in Riverside a week ago last Saturday, were in East Newport for several days last week.

Dr. and Mrs. G. C. Clark, former residents of East Newport, were here from Fullerton one day this week.

Mrs. Adeline R. Johnson, who has been occupying the Abbot house for some time, left last week for the Glenwood Inn at Riverside, where she will be for the winter.

Mrs. Robt. R. Wilson left for Los Angeles the early part of the week, for a month's stay at the Empress Apartments.

Miss Lela Jackson of Santa Ana, who is a teacher in the Newport Beach schools, has rented the Little cottage on Island avenue for the balance of the school term.

Mrs. Edwin L. Quinn, president, Mrs. W. W. Wilson, Mrs. F. J. Van Order and Mrs. J. A. Ricker represented the Ebell Club of East Newport, at the county meeting of the Woman's Club at Santa Ana the early part of last week.

The Halloween party given for the benefit of the Ebell Library, Friday night at the club house of the South Coast Yacht Club, was a very pleasant affair and very well attended. Members of the club who looked after the entertainment of the guests wore gay witch's caps, and weird pumpkin faces grinned in all the nooks and corners. The usual Halloween sports were provided in the den, and dancing was enjoyed in the ball room. A good sum was realized from the entertainment, which will be used to purchase new books.

NEWMARKET

The Choicest Cattle

The well-fed, well-stabled kind, is what supplies our meats for our patrons. Our Steaks, Chops, Cuts, Roasts, etc., are all very tender and juicy, and regular purchasers of joints here tell us that they never tasted any better meat than ours. It may be that we ask you a cent or two a pound more than you pay for cheaper meat, but you get the quality here always.

Also Fish, Oysters, Butter, Cheese and Lard.

VALESKA SURATT

OPERA GIVES COMEDienne ABUNDANT CHANCE TO DISPLAY FUN-MAKING TALENT

It is said that the Messrs. Schubert, who have sent many pretentious productions on tour, have surpassed their previous efforts as to cast, production, costumes and scenic effects in their latest offering, "The Kiss Waltz," in which local playgoers will see the noted beauty, Valeska Suratt, at the Majestic Theater next week.

The element of comedy is said to be natural, and there are no arid scenes where coarse play has been resorted to, to make them palatable. The New York critics liken Zihrer's score to the best melodies of the Gilbert and Sullivan musical masterpieces.

According to the story of the opera, Guido Spino, a handsome young composer, who has just written a musical composition called "The Kiss Waltz," is captivating all the women

at a certain hotel on the Riviera, where he is the leader of the orchestra. Nella, the Baroness von Barnau, appears to be his choice, but the musician is kept from making his position clear until near the end, owing to a number of intrigues and mishaps. Much of the comedy is supplied by the well-known fun-maker, Harry Mac-Donough, as the retired coachman who has come into an inheritance and aspires to a title, and Eva Davenport as his wife.

Miss Suratt will have a fine supporting company and "The Kiss Waltz" chorus is said to be composed of the pick of the Casino beauties. The production requires six cars to transport its scenic and costume detail, and is heralded as the largest musical amusement on tour the present season.

EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's
Cream Balm Will Stop it
in the Sneezing Stage

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied to the tender, sore surfaces.

Even in severe chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50-cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless. Rowley Drug Company.—Advertisement.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of James B. Copland, Deceased.

Notice is hereby given that Friday, the 8th day of November, 1912, at 10 o'clock a. m. of said day, at the Court Room of this Court, in the Courthouse in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Ethel R. Copland, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to said Ethel B. Copland, at which time and place all persons interested therein may appear and contest the same.

Dated October 28, 1912.

BUILDING FOR THREE WELLS

Petroleum Company Brings in
Well Flowing From 700 to
800 Barrels

Los Angeles Times: Three new wells are to be started in La Habra Valley at an early date. The Amalgamated Oil Company is building the derricks for Nos. 14 and 16 and the Petroleum company is starting work on No. 3. The latter company has brought in well No. 2 with a flow conservatively estimated at 700 to 800 barrels a day, and this success has partly been responsible for the new activities.

The Petroleum's Well No. 2 was drilled from start to finish with a rotary, in about four months. No trouble was encountered, and the well came in successfully at 3222 feet. It is usual in La Habra Valley to change over to the standard tools just before reaching the oil sand or after shutting off the last water.

The No. 1 well of the Petroleum company is still holding up with a production of about 500 to 600 barrels a day. No. 3 is to be drilled in the vicinity of the two producers of the company.

The Amalgamated Oil Company will run four strings of tools when the new wells start drilling, and is working on Nos. 10 and 12 now. The Union Oil Company has two wells in the valley which are expected to come in any time now.

Flagged Train With Shirt

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit.

Pioneer Roofing

The Modern Roofing Material
Makes a Sun-Proof, Rain-Proof Roof

Pioneer Rubber-Sanded Roofing is the best exponent of modern common sense roofing methods. Perfected by roofing experts through twenty-five years' experience and observation of successes and failures of various roofing materials.

Pioneer Rubber-Sanded Roofing lasts indefinitely without repairs or paint. It's a strong, long-fiber felt, saturated to just the right degree with an asphalt compound, especially refined to withstand the drying-out process and the sudden temperature changes of the California climate.

Use Pioneer Roofing on all your buildings. Five years' wear will show a saving of one-third the cost of the ordinary roof. Packed in handy rolls. Easily transported. Nails, cement, etc., included in every roll. Write for Booklet '18

ALL IS WELL!

What will be the outcome of today's election, so far as the success of any individual candidate is concerned, no man knoweth; but that there has been infinite social and economic gain in the campaign just closed all intelligent, fair-minded people must agree.

As for the Register, it is well pleased with the result already obtained—such an awakening of the civic conscience of the nation as has not been since the Civil War. While an ardent admirer of Col. Roosevelt and Gov. Johnson and a friend and well-wisher of all the Progressive candidates, this paper has not worked and striven for their personal success at the polls today; it has striven and worked for the success of the cause for which they stand. And whether they win or lose the cause cannot lose; it has already won. California, the Nation has gained ground in civic righteousness, in representative government, in true democracy, that can never be lost. As Col. Roosevelt so eloquently in his Carnegie Hall speech at the beginning of the campaign, said:

"It is of little matter whether any one man fails or succeeds; but the cause shall not fail, for it is the cause of mankind. We, here in America, hold in our hands the hope of the world, the fate of the coming years; and shame and disgrace will be ours if in our eyes the light of high resolve is dimmed, if we trail in the dust the golden hopes of men. If on this new continent we merely build another country of great but unjustly divided material prosperity, we shall have done nothing; and we shall do as little if we merely set the greed of envy against the greed of arrogance, and thereby destroy the material well-being of all of us."

THE ELECTORAL COLLEGE

American travellers present at the coronation of a European king laugh at its archaic ceremonial. Yet in our own country there is a group of wooden Indians, into whose care is committed that greatest function of all, electing a president. They are as obsolete a piece of antique furniture as the coronation "herald" in a day of telegraphs and newspapers.

The Fathers decided that the choice of a president was not to be made at the rough house of elections, but in the secluded councils of the wise men selected with great care for this one act. Which school room conception of popular government was quickly put into the political dump by a robust people, who felt competent to do their own electing. Ever since the solemn farce has been put on the boards for the benefit of traditional sentiment. So today, legally speaking, the American people are not electing a president, not even voting for one.

Thus the electoral college has become a verminiferous appendix, and like any useless organ, has possibilities of danger. What might happen was suggested in 1856, when a snow storm prevented the Wisconsin electors from casting their votes on the day named by the Constitution. Also controversies have arisen this fall as to which party faction in case of a split, should have the right to name electors. The electoral college is not merely useless furniture, but a possible fire hazard in a political powder magazine.

Election of a president by popular vote, the simplest method ever proposed, will perhaps never be adopted, as it would take from the small states some power given under the electoral system. To the expedient of election by Congressional districts, it is objected that this encourages the carving up of districts in the grotesque gerrymanders altogether too common now among political trick artists.

One suggestion favored by some good authorities is to give each state the number of electoral votes it now possesses, eliminating the electors. The electoral vote would be computed from the popular vote, giving the minority in any state a part of the electoral votes of that state, according to the proportion of the vote it cast.

OUR CONGRATULATIONS AND OUR THANKS

The Register offers its congratulations and extends its thanks to the public-spirited people of Orange county. Their achievement in carrying the good roads bonds is of no mean proportions, and what it means to this county in the way of advancement in material prosperity and sat-

ever-continuing. It is a legacy of priceless worth to all future generations, and which may be fully enjoyed by those who bequeath it.

WHAT WOULD BE THE EFFECT OF WAR?

What will happen to American business, if the Balkan scrimmage should result in a general European Armageddon?

The possibility that a grand armed scramble for territory will result from the final carving up of Turkey is no idle dream. For a century the so-called Christian powers of Europe have simply yawned politely when Christian subjects of Turkey called their attention to the fact that they were being murdered and outraged. Each of those powers was afraid that if there was a new deal, someone else would get the joker out of the pack.

Apparently the time has now come when the brave Balkan people can be made to lie down neither by the persuasions of oily diplomats, nor by the bluffs of fighting kings. The powers must see Turkey carved or fight.

If they fight, what then, as far as the United States is concerned? The first economic result will be fever on the stock market. The bankers of Europe will want yellow gold to lend to their governments, and will send American stocks and bonds home by the shipful to get it. A ten point drop in the stock market might well be expected, while Americans are finding a market for these securities. From the reports from the western grain field, they can all be sold in this country if the price is shaded a little.

After Wall street has recovered from this emergency, a distinct stimulus to American trade should result. Enormous quantities of grain would be needed to meet the wastes of war, and prices would rise. Orders for every kind of thing a soldier can eat, wear, or fight with will be ordered in a hurry. Two years of a European war should be good for an American business boom.

In the long run it would simply mean that Europe would be spending money on its soldiers instead of on its wives and children. Europe would have to spend its money in paying coupons to bankers, rather than on food for the people and machinery for farmers. Over a ten year period the results would be very depressing to American business. May such a calamity be averted, both for reasons of humanity and trade.

THE YOUTH'S COMPANION—1913

The Youth's Companion appeals to every interest of family life, from housekeeping to athletics. It begins with stories of youthful vim and vigor, with articles which disclose the secrets of successful play in the great games, with charming tales of life at the girls' colleges. But The Companion does not surrender these readers when they have entered the more serious paths of life. Mothers will welcome the page for little children and the weekly doctor's article. Fathers will find the important news of the day as it is, and not as it is rumored to be. The entire household will appreciate the sketches which touch gently on common foibles or caricature eccentricity. In short, for less than four cents a week The Companion brings into the home clean entertainment, pure inspiration, fine ideals, increase of knowledge.

Names rarely seen in tables of contents will be found in The Companion's Announcement for 1913, which will be sent upon request—with samples of the paper, to those not familiar with it.

Every new subscriber for 1913 will receive free all the issues for the remaining weeks of 1912; also, free, The Companion Window Transparency and Calendar for 1913, in rich, translucent colors—the most beautiful of all Companion souvenirs.

THE YOUTH'S COMPANION,
144 Berkeley St., Boston, Mass.

Gov. Foss is Granddaddy
BOSTON, Nov. 5.—Eugene Noble Foss, 11, weight 84 pounds, was born yesterday, that means that Governor Foss became a grandfather.

Yesterday was also the birthday of Mrs. Foss, wife of the Governor. The baby was born to Mr. and Mrs. Benjamin Foss, the governor's son and daughter-in-law, at their home in Jamaica Plain. Young Mrs. Foss was Miss Dorothy Chapman of San Francisco.

—Of course there is a Homephone in your home.

THE TROUBLED BROOK
(By Cora A. Matson Dolson.)
He owns the brook above me,
Where gray fowls dive and play
And trouble deep the water
That murmurs down my way.

I wish I were sole owner
Of this cool running brook,
From where the clear spring bubbles
Far in the woodland nook.

I vow that none should venture
To trouble or defile
The pure and limpid water
That courses many a mile.

And yet, perhaps, 'twere better
It lends its joy to life,
To cleanse the grime of labor
And soothe the wounds of strife.

Than simply flow and sparkle,
Shut in from dusty wing
And all God's thirsty creatures—
A pure but useless thing.

Source of Butter Milk
"See all those lovely cows," said the farmer to Johnny; "they gave you the rich white milk you drank today."
"Did those goats give the 'butter'?"

PASADENA TO TEACH AVIATION
PASADENA, Cal., Nov. 5.—Determined that there shall be no phase of human enterprise overlooked in the high school curriculum, it has been decided that the students shall be taught the principles of aviation.

J. A. Dwigins, athletic coach, has obtained the promise of the loan of a Curtiss biplane for the purpose and will give exhibition flights as well as explaining the science of flying.

Stork at Geraghty Home.
NEWPORT, R. I., Nov. 5.—A son came to bless Mr. and Mrs. Jack Geraghty today. The happy mother was Julia Evele French, daughter of Mr. and Mrs. Ames T. French of New York, Newport and Tuxedo. She eloped with "Handsome Jack" Geraghty, a chauffeur and automobile salesman, in August, 1911.

MRS. McNAMARA IS TOLD OF HOW SONS MADE CONFESSION

CINCINNATI, Ohio, Nov. 5.—Mrs. Mary McNamara, mother of John J. and James B. McNamara, is finally acquainted with every detail of how the confession to dynamiting the Los Angeles Times building was obtained from her boys. It was told her by Lincoln Steffens, the man who is given responsibility for securing the pleas of guilty, at a banquet recently given by Daniel Keifer, a single tax advocate, at which Mrs. McNamara and Steffens were the guests of honor.

POLAND ARRESTED—SAID TO HAVE STOLEN SUM OF \$84,000

SAN FRANCISCO, Nov. 5.—Wallace J. Poland, Pacific agent of the International Harvester Company, was taken in custody yesterday by the Burns Detective Agency. Aubrey E. Ambrose, traveling auditor of the company, reports that his total defalcations will reach \$84,000. Police Judge Weller fixed Poland's bail at \$50,000 bond and \$25,000 cash. Poland is alleged to have squandered the money in running a theater at Modesto and a saloon in this city.

ONCE NOTED 'FRISCO POLITICIAN OUT OF STATE HOSPITAL

STOCKTON, Nov. 5.—Jacob Rudolph, once noted San Francisco politician, a close friend of the late Chris Buckley and Judge David Terry, was released from the Stockton State hospital on habeas corpus proceedings. When Buckley went blind, Rudolph led his old associate around the streets by the hand. When Buckley died, Rudolph attempted suicide by cutting his throat. Rudolph was adjudged insane in April 1911, after a notable trial before Judge Nostrand in San Francisco.

STORM MOVING EAST IS DUE THERE WEDNESDAY

WASHINGTON, Nov. 5.—A disturbance that is now central west of the Rocky Mountains, will advance eastward, attended by local rains and snows in the northern and rains in the southern districts, and prevail over the great central valleys Tuesday, and the eastern states about Wednesday.

This disturbance will be preceded by a general rise in temperature the first part of the week in the eastern and southern states, and be followed by a change to colder weather, which will appear in the northwest Tuesday and Wednesday.

YOUNG PASADENA ARCTIC EXPLORER COMES HOME TODAY

PASADENA, Nov. 5.—Ernest O. Koven Leffingwell, son of Dr. C. W. Leffingwell of San Rafael Heights, Pasadena, who has been in the Arctic for the last three years and a half, engaged in surveying and geological study, will arrive in this city today. Mr. Leffingwell was at Flaxman's island and during his time in the north made a survey of 150 miles of the northern coast of Alaska, the only maps of which were made by Franklin and Simpson a half century ago. Mr. Leffingwell will bring a number of geological specimens with him.

SUREST COLD CURE KNOWN

Pape's Cold Compound Cures Colds and Grippe in a Few Hours

The most severe cold will be broken, and all grippe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—contains no quinine—belongs in every home—accept no substitute. Tastes nice—acts gently.—Advertisement.

OLD MAID PROVIDES IN WILL FOR SPINSTERS' AID

SAN BENITO, Tex., Nov. 5.—Old maids of this county are provided for in the will of Miss Mary Philpot, who died here recently. Miss Philpot herself never married, and at her death was worth \$100,000. The will instructs her administrators to apply care for all old maids who apply for assistance for a period of two years.

The bequest warns against alding grass widows and requires the spinsters cared for to prove they are forty or more years of age.

LACING KILLED ACTOR

ST. LOUIS, Nov. 5.—Tight corset lacing caused the death of Joseph H. Pennella, an actor, who died at the City Hospital three hours after collapsing on the stage of a vaudeville theater. He had been a female impersonator for many years, and lately had been growing stout. Physicians found that in his efforts to present a woman-like figure he had laced so severely that he had caused fatal internal injuries.

MARGARET SWOPE ENGAGED

KANSAS CITY, Nov. 5.—The engagement of Miss Margaret Swope to Thomas Miller of Calexico, Cal., was announced Sunday. Miss Swope is a sister to the wife of Dr. Hyde, who

FAIR PLEDGES ARE NOT ALL PAID UP

Only 38 Per Cent of Frisco Fair Fund Turned in—Oakland Remiss With \$1,000,000.

SAN FRANCISCO, Nov. 3.—The first report of Rodney S. Durkee, comptroller of the Panama Pacific Exposition, handed to President Charles C. Moore, shows that but \$2,325,301 of the signed subscriptions pledged for financing the exposition have been paid in. This is just a little more than 38 per cent of the amount promised. Although the expenditure of the building and grounds committee has been in excess of \$3,000,000, there still remains a balance in the treasury of \$630,044. Special attention is called by Comptroller Durkee to the fact that of the \$1,000,000 pledged by the city of Oakland not one cent has been forthcoming.

BOWELS BAD, LIVER TORPID? CASCARETS

If Constipated, Bilious, Head-achy, Stomach Sour, Take a Cascaret

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a pleasant lax from any drug store will keep your stomach sweet, lax and bowels regular and free from constipation. Don't forget Cascarets. They are everywhere.

Doings In Social and Club Circles

BRIDE-TO-BE HONORED

Miss Gladys Harrison Continues to Receive Courtesies From Her Many Friends

On Saturday afternoon Miss Edna Robbins, Amy Mead and Rosamond Norman were hostesses at a Kitchen Shower at the home of Mr. and Mrs. O. M. Robbins, given in honor of Miss Gladys Harrison, who has been complimented by so many pretty social affairs in honor of her approaching marriage. The twenty-two guests invited included old school-mates of Miss Harrison. Yellow "Mums" adorned tables and rooms and the yellow color scheme was carried out in the delicious refreshments.

In a clever game of drawing Miss Alice Robinson was winner of the prize, a book entitled "The Square Family." The kitchen gifts were taken into the parlors, wrapped carefully and piled in a dish pan. Each one guessed what the various packages contained, Miss Verna Petersen winning the prize, an individual coffee pot, on a cut. The gifts were then unwrapped by Miss Harrison.

Miss Harrison was a guest also at a recent luncheon given by Mrs. E. B. Burns.

Autumn leaves were used in decorations, and the hand painted place cards were the work of Miss Gladys Burns. Red individual candles in candlesticks were at each place. Covers were laid for ten.

Last night the Beta Sigmas of the First Presbyterian Church were hostesses at an evening party for Miss Harrison at the home of the Misses Cloyes. Red chrysanthemums and Cupids were used in decorations.

A jolly evening was spent in sewing and conversation and after a dainty three course collation, the honoree was presented with a set of solid silver teaspoons engraved with the Beta Sigma monogram.

Luncheon for Sister

Mrs. E. D. Cooke was hostess to a 2-o'clock three-course luncheon on Saturday in honor of her sister, Mrs. Fannie Ware, of Michigan, who will spend the winter in California.

The guests invited were Mr. and Mrs. DeWolfe, Mr. and Mrs. Langley and the Misses Langley, Mr. and Mrs. Ray Billingsley and daughter of Villa Park, Mrs. Black, Mrs. Foster, Mr. and Mrs. Hamilton, Mrs. Mit Phillips, Mrs. Logan and Mr. and Mrs. Carey R. Smith.

The flowers used were chrysanthemums and smilax.

Sour Ice Cream

From Manhattan, Kansas, comes a formula for a real dainty. Here is the Kansas Agricultural College's recipe for sour milk ice cream, vouchered for in an official bulletin.

If wanted for Sunday dinner, allow a half-pint bottle of milk to sour and become curdled about the middle of the week. Saturday morning pour this into a gallon of skimmed milk and let stand until Sunday morning. Then add three pounds of sugar, four eggs beaten separately, a small quantity of lemon juice and enough grape juice

You will probably study at the Orange County Conservatory of Music when you take up advanced musical work, so why not have its advantages now?

Thoroughness is our watchword in every stage of the pupil's progress. Remember Conservatory training is more complete and costs less.

OLD MAIDS MADE YOUNG

CAPITAL SOCIETY WOMEN JOIN WORKERS' RANKS

The new sense of industrial independence that has taken possession of women has penetrated the circles of so-called aristocracy in the nation's capital. Unusual spectacles are presented in the rapidly moving picture of Washington's social life.

The latest of social favorites to enter the ranks of workers is Mme. Luis Pastor, wife of a former charge d'affaires of Spain, a member of the Metropolitan club, the Bachelors' Cotillion, and prior to her marriage one of the widely known bachelors of smart society. Mme. Pastor is an American, formerly Miss Constance Cazanov Lee, daughter of the late Francis D. Lee of Baltimore. She married Pastor in the summer of 1906 and for two seasons was a brilliant and popular figure in diplomatic circles. Returning from abroad in financial straits, Mme. Pastor has gone to work as a reporter on a Washington morning paper.

Another prominent woman among the workers is Miss Jesse Benson Fremont, daughter of the late commander of the Charleston navy yards, as well as granddaughter of Gen. John C. Fremont and great-granddaughter of Senator Thomas H. Benton of Missouri. She has opened a dressmaking establishment just off the fashionable Dupont circle.

Miss Flora Wilson, daughter of the Secretary of Agriculture, has long been a well known figure on the concert stage; not from necessity but from choice; being not only in love with her profession but being a young woman of great activity.

The daughter of a supreme court justice has become a private secretary in Washington, and so the list increases. Independence is becoming woman's privilege.

or any other flavoring to suit. Freeze in the usual manner in an ice-cream freezer.

It is declared to be in every way equal to ice-cream, and is much cheaper. It is really frozen smearsauce or cottage cheese.

Some of Week's Coming Events
The social calendar for the week embraces the entertainment tonight of the Jolly Twelve Whist Club by Mrs. L. J. Carden.

"The Old Maids' Convention" to be given tonight at the Temple Theater under the auspices of the W. R. C. promises to be an entertaining event full of ginger and snap. Seats have sold rapidly indicating much interest in the affair.

Tomorrow afternoon Mrs. George Balderston will entertain the 1912 officers and chairmen of committees of Hermosa Chapter, O. E. S., of which she is worthy matron, with a Japanese party. Fifty invitations have been issued.

Mrs. Balderston will also entertain on Thursday afternoon with a whist party for which forty invitations are out.

On Friday evening Worthy Patron Crose of Hermosa Chapter will entertain his officers with a unique evening party.

Choral Society Tonight
The singers of Santa Ana are asked to remember that the Choral Society rehearsal will take place tonight at the First Christian church, Broadway and Sixth streets at 7:30 sharp. All are requested to be present, not only those who have already joined this organization, but those who find it possible now to enroll as new members.

OLD MAIDS MADE YOUNG

The fabled fountain of youth will not longer be sought after an eager public is shown tonight how needless such a search would be when a Great Transformer is in the very midst of those who yearn for lost youth, the rosy cheeks and the bright eyes of days long gone.

The Great Transformer will rejuvenate the frazzled spinster, sweeten the harshest tones into melody, brighten the dullest wits and altogether accomplish the seemingly impossible. This magician has been brought here under the auspices of the Woman's Relief Corps and his wonderful ability will be demonstrated to the public this evening at the Temple Theater. The curtain will rise at 8 o'clock and such are the reports of his powers that the theater is likely to be tested to its capacity. Fun galore is promised, and a merry evening is anticipated by those who are planning to be there.

The ladies of the corps have promised that the election returns will be read from the stage and in view of the intense interest in the election of the day, this alone is enough to insure a big crowd. Besides this reason for attendance, it is well known that this devoted band of patriotic women fill the corps treasury only to empty it again for the relief and comfort of the veteran boys in blue who fought the Nation's battles in the days of the '60's. The proceeds of this evening's entertainment will be applied to the relief fund. Help to make it a generous one.

For House Guest

Miss Floy Hamilton very charmingly entertained last Saturday evening in honor of her house guest, Miss June Thurnburg of Hollywood. The affair was in the nature of a dinner party, and a dozen girl friends were asked to meet Miss Thurnburg at the home of the hostess, Mrs. G. N. Talbot, 1127 North Main street.

The spacious living rooms were decorated in chrysanthemums, while pink rose buds and pink tulips, carrying out a beautiful Dresden effect, were used throughout the table decorations.

Covers were laid for the hostess, Miss Hamilton; the guest of honor, Miss June Thurnburg; Misses Carolyn Lockwood, Florence Unger, Margarette Mapel, Nina McMullan, Jennie Stuke, Lucille Pitman, Noreen Cooper, Hester Billingsley, Maud Williamson, Rena Stator; Mrs. Sanford Bobson, Mrs. G. N. Talbot.

Whist Party

White chrysanthemums were lavishly used last night in the decorations of the Tuslin home of Mrs. Chas. Johnson who entertained pleasantly with progressive whist.

Music occupied the time before all the guests had assembled. There were four tables of players and the winners of first prizes were Miss Eley and A. E. Koepsel, consolation prizes going to Miss Alfreda Holzgrafe and A. E. Chapman. After the games, the tables were used for the serving of dainty refreshments.

Mrs. Johnson's guests included Mr. and Mrs. R. Raymond Miles, Mr. and Mrs. Maurice Phillips, Mr. and Mrs. A. E. Chapman, Mr. and Mrs. Elmer Crawford, Mr. and Mrs. Fred Chapman, Mr. and Mrs. Frank Hoffman; Misses Mary Eley and Alfreda Holzgrafe; Messrs. Alan A. Revill, Lloyd Sharp and A. E. Koepsel.

Return From Eastern Trip

Mr. and Mrs. J. P. Baumgartner returned home yesterday from a five weeks' visit in the East, just in time to vote for good roads and for Roosevelt. They attended the National Conservation Congress at Indianapolis, to which Mr. Baumgartner was a delegate; visited Mrs. Baumgartner's brother at Cincinnati, and spent several weeks at their old home, Columbia, Mo.

Mr. Baumgartner said they had chicken dinners and goose dinners and duck dinners and 'possum dinners, and glorious drives in gorgeous autumn woods and a good rest—"but, O you home!"

"Y" Meeting Postponed

The "Y" meeting regularly due last night has been postponed until next Monday night, November 11, when it will be held in connection with the address of Miss Rhena E. G. Mosher, R. S., the general secretary of the Young People's Branch of the National W. C. T. U. The address will be given

THE NATURE FORM Is the Acme of Perfection

Actually the NATURE FORM is a perfect duplicate or counterpart of you showing every detail of your figure. You can imagine how easy it would be to make and fit dresses on such a correct model. It is no longer necessary to pad some machine made form or guess where to leave your garments loose or tight. The NATURE FORM is adjustable to meet any change in your figure, arms are detachable and bend and turn at elbow and shoulder.

Mrs. Cora B. Cavins
is local representative and is pleased to show and demonstrate the NATURE FORM at 408 North Main St. Catalogue on request.

at the First Baptist church and, following, will be a brief business meeting of the local "Y."

Miss Mosher is heralded as charming and affable in her manner on the rostrum with a fluent flow of language. She is said to have wit and humor, and extensive traveling has given her a store of entertaining and useful information.

This address will be open to the general public and a very cordial invitation is extended to attend. Young people are especially urged to hear Miss Mosher.

The meeting of next Monday evening will be made more interesting by the union of the Y. M. C. A. forces with it. The Y. M. C. A. regular Monday evening meeting will be dispensed with in favor of Miss Mosher's lecture.

Elected Officers

Hermosa Chapter, No. 105, O. E. S., last night held election of officers with a large attendance of members present. The officers elected are: Mrs. P. L. Toole, Worthy Matron. J. W. MacCormac, Worthy Patron. Mrs. Cora Cavins, Associate Patron. Mrs. Mary Whidden, Secretary. Mrs. H. Clay Kellogg, Treasurer. Mrs. Arthur Pease, Conductress. Miss Mattie Whitson, Associate Conductress.

Personals

I. M. Von Schrititz and son, Miles H. Von Schrititz, left this morning on a business trip to Esperanza, Mexico, where they have cattle and mining interests. They expect to be gone about ten days.

Mrs. George Briggs and her sister, Miss Potts, spent today in Los Angeles.

Mrs. Lawrence Bristol and little son, Horace, are visiting at the H. McPhee home for a few days.

Mrs. C. E. Franch and Mrs. E. B. Burns went to Los Angeles this morning. Mrs. French will return this afternoon but Mrs. Burns probably will stay over night.

Mrs. G. P. Hill was an Angel City visitor for the day.

Mr. and Mrs. Charles H. Perkins and Miss Mary Craig of Newark, New York, arrived via the Santa Fe yesterday and will spend the winter at the home of A. J. Perkins on French street.

Mrs. E. B. Smith went to Los Angeles today to spend a few days with her daughter, Mrs. J. Francis Potter. Mrs. Louise Perry of Los Angeles is here for an extended visit with friends.

C. F. Mansur is at home from a pleasant visit of several weeks with his daughter, Mrs. Frank Talbot, in Brooklyn, Iowa. While absent, he visited Michigan points and cities in other parts of the Middle West. Mrs. E. G. Glenn, his daughter, who went east with him, will remain for some time longer with her sister, Mrs. Talbot, in Brooklyn, Iowa.

"Once Again"

—Chadeayne, the Hatter, is in town. Everybody having old hats to clean will do well to see him at once. He may not pass this way again. Any kind of stiff, soft, straw or Panama hats cleaned, retrimmed and reblocked to look like new. Shop 111 East Fifth street, with Kaneen the tailor.

FRATERNAL AID NOTICE

—Regular meeting next Wednesday night. Every member especially requested to be present. Come and bring some one with you. Young people have charge of program and refreshments. A big surprise in store. Everybody come.

BURGLAR WITH JIMMY VISITED TWO PLACES, ENTERED ONE AND GOT NOTHING FOR HIS TROUBLE

Armed with a chisel, a burglar last night tried to force his way into Harry Miller's general merchandise store on West Fourth street. Failing to gain an entrance, the burglar went to Bridwell's motorcycle shop at the southeast corner of Fifth and Broadway. The man succeeded in getting into the motorcycle shop, but he got nothing for his work.

The screen of a transom at the rear of the motorcycle shop was cut, and entrance was made through the transom. Outside the door was a small chisel, evidently the same that was used unsuccessfully at Miller's store. The attempt to enter Miller's store was made at the front door. There is plenty to show that the burglar tried to jimmy the door open, but failed. He may have been frightened away from this place.

The rear door of the motorcycle shop was tackled. It was not necessary to use the jimmy, for the transom was open. The screen was ripped across the top and was torn downward. The cash register was closed, but had no money in it. The burglar broke the glass on the register, and managed to open the cash drawer. So far as can be learned by the proprietors nothing was taken from the store. In leaving the place, the burglar opened the rear door from the inside and walked out.

The occurrences of last night fail to add any clues to the burglarious operations that have marked the last two weeks here. Bridwell's shop was entered last night in much the same manner as the Wardrobe and Kenton's grocery were entered. The Wardrobe and Kenton's grocery burglars cut the screen of the front door transoms.

THE Y. M. C. A.

The following is what the three principal presidential candidates say concerning the Y. M. C. A.:

Colonel Theodore Roosevelt says: "All of us will make this twentieth century better and not worse than any century that has gone before in proportion as we approach the problems that face us as the Young Men's Christian Association has approached them, with a firm resolution that it will neglect no one side of the development of the man, but will strive to make him decent, God-fearing, law-abiding, honor-loving, justice-doing and fearless and strong, able to hold his own in the hurly-burly of the world's work, able also to strive mightily that the forces of right may be in the end triumphant."

President William Howard Taft says of the association: "The Young Men's Christian Association did a great deal of good within my knowledge of the Philippines, and it is also doing good in other places. It offers men who, without it, would have no place for meeting, no place for reading, and no place for rational, innocent amusements, the opportunity to avoid temptation to excessive drinking and to resort to other devices which distance from home, loneliness and general discouragement frequently lead."

Governor Woodrow Wilson, of New Jersey, speaks of the Y. M. C. A. in these terms: "I believe that this volunteer promotion of religion by a body of men associated together for the purpose of putting that motive into the life of the university is something that touches the very center and springs of life and that the university that does not display power in this kind is not likely to display the best power in any other kind. The work of the Young Men's Christian Association lies in the springs of life."

"This movement has done more to bring colleges into sympathy with each other and comradeship with each other than any other movement ever started."

Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles there is nothing better. A trial will convince you of its merit. 50c & \$1.00. Trial bottle free. Guaranteed by all druggists.—Advertisement.

AMUSEMENTS

"MAGDA"

The church, the school and the stage are the founts from which flow the precepts which regulate social intercourse with no less force than the civil law. Sudermann's masterpiece "Magda" is more than a lesson. It is a living, throbbing reality, expressed with all the power of a perfect company of dramatic artists. Margaret Drew is without question—as has been testified by all who have had the opportunity to see her—one of the greatest living actresses. Her supporting company has won the unique distinction of commanding the praise of the metropolitan papers. "Magda" will be seen in this city at the Grand Opera House Wednesday, Nov. 6.

Y.M.C.A. MEETING PROVED TO BE INTERESTING ONE

The Y. M. C. A. meeting at the Congregational church last evening proved to be a very instructive and interesting one. There was not as good an attendance as was desired, but those who were there entered into the discussions with true Y. M. C. A. spirit and showed much enthusiasm.

The principal speaker of the evening was Mr. J. A. Cranston, superintendent of the city schools. He gave a splendid address on the topic, "Bible Study as Related to the Public Schools."

There will be no regular weekly meeting of the Y. M. C. A. next Monday evening, they having planned to join with the "Ys" in their meeting at the Baptist church.

The regular monthly social of the association will be arranged for a future date, which will be announced later.

Orange county beach resorts enjoyed a very prosperous summer this year, and the prospects are that a more prosperous season will be seen next summer.

The improved train service over the Pacific Electric to and from this county's beach towns, has resulted in greatly augmented travel. This traffic applies not only to Los Angeles passengers but also to the people of the interior cities such as Lordsburg, Pomona, Upland and Ontario.

These cities are reached by the recently constructed lines of the Pacific Electric, and President Paul Shoup points out that these lines have added something like 30,000 people to the suburban population of Los Angeles.

The south coast seaside towns are getting their share of patronage from these cities, as the ocean front facilities are elsewhere being largely taken up.

The future advance of the south coast is already assured, an advance having begun, and which is expected to assume large proportions next season.

An illustration is seen in the linking of our own flourishing city to the beach resorts by the electric line, connecting with Huntington Beach.

Santa Ana people and Santa Ana capitalists have been interested in beach property to a greater extent than ever before, and all the beaches of the south coast, from Bay City to Laguna Beach, have felt the impetus.

West Newport

Plans for a number of new homes on Newport Heights have been completed and the building will probably commence very shortly. Several prominent people who will be among the builders, among them Mr. Flaney, manager of the Newport Gas Company, and Mr. Hudkins, a building contractor, who last week purchased four lots on which he will build a handsome dwelling, work to start within the next thirty days.

The Dam-Rousselle Investment Company will erect a beautiful bungalow, construction on which will start next week, overlooking the ocean, for a summer and winter home. At the same time they will commence a handsome beach cottage at West Newport on one of the canals.

There will be a great deal of building during the winter months, as a number of last summer's purchasers will erect homes. There are several hotels and apartment houses in contemplation, as well as a number of business blocks.

As soon as the first rain falls street work on the Heights will be started. Cement sidewalks and curbs on all lots near the bluff and overlooking the ocean will be started at the same time.

Balboa

The new school, midway between Newport and Balboa, is almost ready for occupancy, and when completed will be thoroughly equipped to care for the needs of that section. This will go a long way toward bringing winter visitors to the towns around Newport Bay, as heretofore school facilities have not been of the best.

Sales have been brisk during the past two weeks. The Balboa Bayside Country Club has two lots on the ocean front and also a business location of 60 feet frontage on Main street to Mrs. McCulloch of London, who will build to suit tenants.

DANISH LINE FOR COAST

"Arabian" is First of East Asiatic
Steamship Co.'s Boats to Reach
California Port

SAN DIEGO, Nov. 5.—Eighty two days out from Copenhagen, the Danish steamer *Arabian* entered port Sunday.

The vessel is the first of the fleet with which the East Asiatic Steamship Company of Copenhagen intends to engage in Pacific Coast trade.

The Arabian, a vessel of 4500 tons, left Copenhagen August 12, and on the voyage touched at Antwerp, London, Coronel and Callita Juni, Chile, and came from the latter port directly here for the purpose of working up trade in advance of the opening of the Panama Canal.

After coaling here the Arabian will proceed to San Pedro, San Francisco and Portland.

**MME. CALVE TOO FAT
FOR CARMEN—IS WISE
ENOUGH TO RETIRE**

BOSTON, Nov. 5.—Mme. Calve fears she is acquiring embonpoint. She declares she is no longer the Carmen of old. So she is going to open a school and teach others more youthful to sing Carmen after her twenty-eight years in opera.

"To succeed in America one must be tall and thin," said the prima donna, who sang here Sunday. "It is very, very true," and the black head beneath the big, black picture hat nodded emphatically. "You mustn't be broad and short and fat—oh, no," and she laughed musically. "When American singers become fat even I am no longer art; you starve! Oh, mon Dieu!" She flung both hands out with a gesture of horror. "Your cheeks—they go in so—and so," and she poked a dimpled finger in each cheek.

"The people—so kind, they now applaud, and while they applaud I cry 'au revoir. And am I not wise Carmen—she is young and gay and beautiful. I no longer look the part."

Conservation of Human Energy

Improved modern machinery has enabled this laundry to do the housekeeper's hardest day's work at such a nominal cost, that no man can afford to allow his wife to waste her energy and perhaps injure her health, trying to do her own washing. A trial will convince the most skeptical.

LOS ANGELES PRODUCE MARKET

The first carload of Italian chestnuts arrived on the market yesterday, and the price is fixed around 10 to 11 cents a pound. Local chestnuts have been on the market for some time. Walnuts and almonds were very much in evidence.

Calimyrna figs are arriving right along from the Fresno district, and bring in some instances around 14 to 15 cents a pound. Some black figs came on the market again yesterday. Receipts of dried fruit are considerably heavier and the demand is steadily picking up.

Grapes are stronger and good muscat and Cornichon stock is selling around 35 cents. The demand is good. Storage peaches are about cleaned up, but pears are still fairly plentiful. Receipts of apples were 17,455.

Tomatoes were selling at 35 to 40 cents a box. Some of the stock was of pretty good quality, while a considerable portion was below the average. Six hundred sacks of onions came in. Potato receipts were 2950 sacks, and 1235 sacks of beans arrived. Fourteen sacks of sweet potatoes came in.

Northern fresh cheese was quoted at 18 1/2 to 19 cents yesterday, a half to 1 cent advance over the previous price. This was probably due to the recent advance in the price of cheese in San Francisco, as a large portion of the small amount of fresh cheese received comes in from the same sections that supply San Francisco. One cheese factory, however, is shipping to Los Angeles from Imperial Valley.

Receipts of fresh eastern cheese are very light. Dealers say only a few cars come in a week, and the greater part of the demand is filled with the storage product. These receipts yesterday were quite heavy—51,233 lbs. This was due to the fact that a shipment from Oregon was held over for a week.

Butter receipts were 17,831, and dealers say shipments from the east are light. The storage product fills a considerable portion of the demand. Elgin butter advanced 2 cents, and this may tend to force the price up here. As it is, some butter has been selling around 36 1/2 cents.

Egg receipts were light as usual.

ARE POLLING HEAVY VOTE

Reports from all over the county indicate that a heavy vote is being polled. At Santa Ana, Anaheim, Fullerton and Placentia many automobiles are in service getting out the vote. Orange is reported a little quiet in that regard.

This afternoon the activity increased. While the Bull Moose forces seem to have out the most automobiles, the Democrats have no small number in use.

At 2 o'clock, Precinct No. 1 has cast 150 out of a registration of 301; No. 2 had 182 out of 449, and No. 6 had 260 out of 645.

POLITICAL SIDE LIGHTS ON RACE

How Some of the Candidates
Lost Their Votes—Election
Clerk Fell Dead

OYSTER BAY, Nov. 5.—Colonel Roosevelt voted for the Roosevelt and Johnson electors at 12:05 this afternoon. Robert Duval, attorney, met the Colonel at the polls. "Colonel, do you think you know how to vote a bull moose ticket?" "I think I do," retorted Roosevelt with a grin. Although Roosevelt was not registered at the primaries, he signed the poll book today, giving him the right to vote.

DENVER, Nov. 5.—For the first time the voters of Colorado exercised their rights under the initiative and referendum today. Thirty-two propositions were submitted, including a headless ballot, the recall including that of judges and decisions, as well as a public utilities bill and state-wide prohibition.

SACRAMENTO, Nov. 5.—Charles McGee, a Wisconsin man who campaigned in Southern California for Senator La Follette said today: "La Follette had a chance this year to make national the Wisconsin idea for the first time in his life, but he stood in his own light when he refused to submit to the popular decision of the primaries in the various states."

OYSTER BAY, N. Y., Nov. 5.—Before leaving for his final speeches of the campaign, Colonel Roosevelt yesterday afternoon admitted that he could not vote today. He had intended to register following the western trip, which was ended with his shooting at Milwaukee, but the time spent in Mercy hospital recovering from his wound interfered. Neither the Colonel, his running mate, Governor Johnson, nor his manager, Senator Dixon, are able to vote.

NEW YORK, Nov. 5.—Governor Johnson of California will be the only national candidate to get the election returns in New York. He will be at Hotel Manhattan tonight with Senator Dixon, G. W. Perkins, F. A. Munsey and O. K. Davis, secretary of the Progressive party.

Ohio Deserving Taft
COLUMBUS, Ohio, Nov. 5.—Indications are that Wilson will carry Ohio and the Democrats may elect the state ticket. Much betting is on that Roosevelt will run ahead of Taft.

Taft Unconcerned
CINCINNATI, Nov. 5.—President Taft cast his ballot in precinct 103 and appeared unconcerned.

Election Clerk Dropped Dead
BUFFALO, N. Y., Nov. 5.—Henry Moest, aged 57, a Republican election clerk, dropped dead in a polling booth early today.

Debs Lost Out Too
TERRE HAUTE, Ind., Nov. 5.—As he failed to register, Eugene Debs, Socialist candidate for president, was unable to vote. He was out of town every time registration was possible.

CASTORIA For Infants and Children. The Kind You Have Always Bought

\$1,000 LOAD OF WALNUTS BROUGHT IN

L. E. Smith of West Orange
Hauls a Valuable Lot of Wal-
nuts to Packing House

ORANGE, Nov. 5.—Today L. E. Smith of West Orange brought in a \$1,000 load of walnuts and delivered it at the Richland Walnut Growers' Association packing house. This is a record load at that packing house. On the load were 120 sacks, containing about 7800 pounds of walnuts.

The Parlor Millinery Store—Save money on your fall and winter hats. 165 South Glassell, Orange.

C. E. HELD GOOD HALLOWE'EN PARTY

ANAHEIM, Nov. 4.—The Christian Endeavorers of the First Presbyterian church had a Halloween party Friday evening at the home of Mr. and Mrs. H. E. Hand on their ranch northeast of town. About thirty of the young people were present and had a very enjoyable time. Games of all kinds were played until a late hour. Refreshments were served and a silver offering taken.

The house was beautifully decorated in black and yellow. Black cats and witches were used profusely in the decorating scheme, while pumpkin Jack-o'-lanterns were used to provide light. Everyone had a good time.

Junior Class Party
The juniors of the Anaheim Union High School held a class Halloween party in Masonic hall Friday night. A large number of the class were present and an enjoyable evening was spent in playing games.
Claude R. Prince, the class teacher,

was present and had everything run off very smoothly. All said that they had the best time since school started.

Halloween Party
The senior class of the Anaheim High School was entertained at the home of one of their number, Miss Gladys Gunnelt, east of the city. The true "Halloween" spirit prevailed and everyone had a good time. All voted that this was the best party ever held by the class. Nearly the whole class was present and in costume. A grand masquerade procession was held on the lawn, in the light of pumpkin Jack-o'-lanterns, before the masks were withdrawn.

The entertainment committee provided plenty of games for amusement during the evening. The pleasant hours slipped away very rapidly. Everybody was having too good a time to take notice of the time. Halloween refreshments were served. Pumpkin pies, made by the girl members of the class, and good school-made candy were features.

The home was beautifully decorated and lighted; over a dozen pumpkin

heads were used in the illuminating scheme. This was undoubtedly the most successful entertainment of the senior class for some time.

Only a Fire Hero

but the crowd cheered, as, with burned hands, he held up a small round box. "Fellows!" he shouted, "this Bucklin's Arnica Salve I hold, has everything beat for burns." Right! also for boils, ulcers, sores, pimples, eczema, cuts, sprains, bruises. Surest cure. It subdues inflammation, kills pain. Only 25 cents at all druggists.—Advertisement.

AGED HEROINE SAVED SON FROM FIERY DEATH

SANTA BARBARA, Nov. 5.—The heroism of Mrs. Salome Garcia, aged 70, saved the life of her bedridden son yesterday when a fire caused by a candle falling from the altar where the woman was praying, destroyed her home. The woman dragged her son from the house which, with all the family possessions, was burned.

ARE CONCLUDING THE SUGAR BEET HARVEST

Oceanside Blade: Beet harvest in the San Luis Rey valley was concluded this week. Hauling from the fields at Ysadora will be finished the first of next week while the harvest at San Onofre is expected to continue for a week or ten days longer.

In this locality the beets are improved in test and size by being left in the ground as late as they are this season, so long as it doesn't rain, but in Orange county the moisture rises to the surface late in the season and the test falls rapidly, just as it does when the crop is caught by the rain.

Another season the beet crop on the Santa Margarita is expected to be much better than this, owing to the land being in much better shape. One well known grower stated that while he had averaged but eight tons to the acre this year he expected the same land to go as high as fifteen another season.

Oceanside Man Heir to Wealth
OCEANSIDE, Nov. 5.—Pierre Claverie, employed in a laundry in this city, started for France a week ago to visit his aged mother, it was stated, and yesterday his friends learned that he had gone to claim an estate consisting of \$110,000 in cash. Besides this he is named trustee for a cousin on an estate consisting of \$100,000 cash and property worth \$60,000.

It is stated the fortune was left by a rich uncle of the Claveries who died recently.

"SEE THAT BALD HEADED YOUNG MAN"

"I know he is only 38," said one young lady to another at a social function, "but he looks like 50."

"Better say he looks like 60," replied the other.
Young men who use PARISIAN Sage never grow bald because the hair root is supplied with plenty of nature's own nourishment, which means at all times an abundance of healthy hair.
Young man, if your hair is thinning out; if that little bald spot on top is beginning to spread, try PARISIAN Sage. It is guaranteed by the Rowley Drug Company to stop falling hair, banish dandruff and scalp itch, or money back, 50 cents at dealers everywhere.—Advertisement.

START TODAY FOR IMPERIAL'S DUCKS

Four Santa Anans start this afternoon for Imperial Valley, where they will hunt ducks, returning the last of the week. In the party are Hugh McDonald and City Marshal Jernigan, riding in McDonald's Stutz 50, and William H. Titchenal and Ralph Collins, in Titchenal's Kissel 30.

CONSERVATIVES WIN IN CUBA

President-Elect Menocal Promises Friendship for U. S. and Also to Make Drastic Reforms

HAVANA, Nov. 5.—The Conservatives, according to the latest returns, carried all the provinces in the recent election for President of the Republic. The Vice President and other government officers were also elected, along with President Menocal, by large majorities.

Havana was the scene Sunday eve a great demonstration in honor of the victorious candidates, and there was much apprehension of trouble, but the evening passed without serious incident. General Menocal, the President-elect, issued a statement in which he declared that his administration was pledged to do its utmost to develop the friendly relations between Cuba and the United States, and promising drastic reforms in the Government.

PHOEBE COUZINS, POOR LAST YEAR NOW WORTH \$100,000.

ST. LOUIS, Nov. 5.—Miss Phoebe W. Couzins, noted lawyer, suffragist and prohibitionist, who eighteen months ago was an object of charity in a St. Louis hotel, is today worth \$100,000, owing to an increase in value of Arkansas swamp lands.
Miss Couzins appealed to the city in May, 1911. She was without funds and for several days had been living on bread and water, she said. The city aided her. She owns 3000 acres of land purchased by her father in 1868 and recently drained by the state. A large part of it is said to contain mineral deposits.

Long Beach Wants Sewer Bonds
LONG BEACH, Nov. 5.—At a meeting of the Long Beach Board of Health held yesterday resolutions, calling for the issuing of bonds in the sum of \$350,000 for the construction of an adequate sewer system, were adopted. The board taking steps to circulate petitions for this purpose at the thirty-five polling places in this city today.
